Newbury Town Library Summer Reading Program 2019

A Universe of Stories: Summer Reading at the NTL

This summer, the NTL is promoting the national theme of “A Universe of Stories” and offering space themed programs to inspire creativity in every child.

2019 marks the 50th Anniversary of the Apollo Moon Landing. “One small step for man, one giant step for mankind,” indeed! We will be reading all sorts of books, watching the moon landing, and learning more about space as the summer goes on!

Won't you join us?
